OMERO Lectures

6th April 2011

Free to attend

Series of Lectures by selected speakers talking about working with OMERO. This is a great chance to meet the community, discuss your questions and find solutions.

Buffet lunch provided for all attendees.

Speakers:

Simon Hodson
JISC: Data Management for
Research Data

Jerome Avondo
Data Management for Biological
Images at the JIC

Jason Swedlow
University of Dundee

Christoph Best
The European Bioinformatics
Institute

Mark Woodbridge
Imperial College London

Caterina Strambio De Castilia
University of Geneva

OMERO Workshop

7th-8th April 2011

"What can OMERO do for me?" workshop

A 2 day workshop in the new JIC training suite. The workshop will be run by OMERO and JIC experts who will give personal tuition demonstrating the functionality of OMERO. Attendees are encouraged to bring their own images. Access to individual workstations and a server will be provided to all attendees.

Cost £300

The price includes: 2 nights accommodation, lunches and dinner on one evening.

Please register your interest by **18th February** for either one or both events at www.jic.ac.uk/events/OMERO
All applicants will be notified if successful by 1st March.
